

CHAMFERING MACHINE

ART NO. 90101

Features

- Compact, self contained versatile.
- Decreases cost and increases productivity.
- Capable of working any length of steel, cast iron, non ferrous metals, plastics etc.
- Provided with side & face milling cutter, having interchangeable carbide inserts, thus decreasing cost and increasing productivity.

Applications

- Quickly removes burrs after flat machining of plates/bars etc.
- Manually slide the job between the fixed mounted plates.
- Chamfering can be controlled by simple rotating knob.
- An essential unit near Milling / metal cutting machines.

All dimensions are in mm.

Art No.	L	W	H	Depth of Chamfer	Chamfer Angle	Speed (RPM)	Motor	Weight (Kgs.)
90101.01	500	320	320	0-3	15°-45°	2880	1HP 220V, 3PH	35

- Due to continuous upgradation in design there could be changes in specifications.
- Other sizes on request.
